Dear Ms. Rullan and Members of the 504 Committee,

This is a formal objection to your unauthorized scheduling of a 504 meeting for April 11, 2025, at 12:30 PM.

First and foremost, **you are not permitted to schedule real-time meetings of any kind without my prior written agreement per my previous correspondence sent to you over a period of months at this point related to my own disabilities -- you continue to refuse my own rights as a disabled person under the ADA and act in retaliatory fashion related to 504 meeting related material.**

As previously stated multiple times and now reiterated for the ongoing record, yet again, **I require all communications to be in writing** due to medically documented ADA-protected disabilities.

*This is not a request. It is a **legal accommodation** under the **ADA and Section 504**, and your continued disregard constitutes ongoing **discrimination and retaliation**.*

Additionally, your claim that this meeting is being held to "review the most recent doctor documentation" is deeply misleading.

You have had documentation confirming **Cyclic Vomiting Syndrome (CVS)** — a federally recognized disabling condition — **for months**. Not only that, but I have the documentary evidence to prove that JCPS has been aware of Jackie's CVS for YEARS - since 2021 - yet I am still experiencing EXTREME RESISTANCE, retaliation, and discrimination for standing up to protect my child's rights.

Also - the request from the school for me to waive Jackie's HIPAA rights so the school talks directly to the doctor was and is completely out of line and will definitely be noted in all legal ongoing litigation at the federal level.

The case number for the court case filed in the Federal District Court of the District of Columbia -- John Fouts

Your ongoing refusal to accept this documentation (illegally and unlawfully and acting under color of law) has resulted in:

- Repeated demands for **additional medical letters - violation of federal law**,

- Attempts to pressure me into **violating my child's HIPAA rights** by signing blanket releases allowing you to speak directly with physicians - violation of federal law,
- And most recently, rejection of documentation from a **neurologist** — a specialist who is fully qualified to diagnose and confirm CVS - violation of federal law - and this documentation is not even legally required as the diagnosis was already in the medical record which I provided you with as listed from 3 separate institutions of health (Baptist Health, Norton, and U of L).

I've come to realize that this has nothing to do with verification — this is about **systematic obstruction, coercion, and retaliation**.

Your behavior, as well as others in direct violation of multiple federal laws and involved in criminal, civil, tort, and constitutional violations is in direct violation of the following list (there are others - this is to name a few):

- Section 504 of the Rehabilitation Act
- Americans with Disabilities Act (ADA)
- Family Educational Rights and Privacy Act (FERPA)
- HIPAA (as it pertains to coercion or retaliation for not waiving rights)
- 18 U.S.C. §§ 241 and 242 (civil rights violations under color of law)
- False Claims Act violations stemming from JCPS's continued refusal to excuse federally protected absences while still accepting federal funding

Further, the **Phoenix School's ongoing refusal to mark Jackie's absences as excused** — despite clear federal protections — is part of an active **RICO** civil rights case now docketed in **U.S. District Court for the District of Columbia**:

Fouts v. JCPS et al., Case No. 25-cv-00884.

=====

You are **hereby instructed** to cancel the April 11 meeting immediately. Any questions must be submitted **in writing** and I will respond in writing, as required by law and accommodation.

Any further disregard of ADA mandates, attempts to coerce HIPAA waivers, or misrepresentation of the facts will be included in the federal record as **additional acts of retaliation and obstruction**. Fraudulent activity is already a part of the False Claims Act, but other things have occurred as well such as defamation of my character by school personnel - despite asking for correction - no such correction was made.

I expect Jackie's 504 accommodations fully laid out and explained in December of 2024 related to ongoing Cyclical Vomiting Syndrome will be immediately implemented and tardies and absences in the past, present and future related to disabilities Jackie has will be immediately reflected as excused in the record.

I further expect all and any defamatory marks in the record or in ANY COMMUNICATION to be IMMEDIATELY corrected. I am here to stand up for the rights of not only me and Jackie but for all United States citizens. I expect you to side on the side of the US Constitution - the side on the rule of law.

=====

Respectfully,

John R. Fouts, MBA
